# PADUCAH BANK HAS PARTNERED WITH MERCHANT'S PACT

**OFFERING YOUR BUSINESS THE BEST CREDIT AND DEBIT CARD PAYMENT SOLUTION AT THE MOST AFFORDABLE COST.**

**O**ur program offers a variety of secure, reliable solutions as well as merchant processing renegotiations. Our team helps businesses of all sizes and industry types with their processing costs, point of sale systems, and PCI Compliance.

Merchant pricing and solution expertise, proactive communication, customized solutions, superior customer service, and continuous savings set our program apart from any other merchant services company.

**WE HAVE TWO WAYS TO ENSURE YOUR PRACTICE HAS THE RIGHT SOLUTION AT THE LOWEST COST.**

1

## **RETAIN EXISTING PROCESSING SOLUTION THROUGH OUR MERCHANT PROCESSING RENEGOTIATIONS.**

Save up to 40% or more on your processing costs without having to switch your processor or solution.

2

## **TRANSITION TO A NEW PROCESSING SOLUTION TO STREAMLINE YOUR CARD ACCEPTANCE.**

Access to a variety of POS solutions to help meet your business needs.

### **ECOMMERCE**

Ability to process transactions online. Integration with a proprietary POS system and existing hardware available. Have the ability to monitor sales reports from online dashboards and schedule automatic billing.

### **TERMINAL**

POS countertop terminal tracks your sales metrics and accounting information. Accept all types of payments, including EMV chip and contactless payments.

### **MOBILE**

Utilize an app-equipped tablet or smartphone and a dongle so you can process anywhere. Integration with a proprietary POS system and existing hardware available. Accept all types of payments, including EMV chip and contactless payments.

### **INTEGRATED OR TABLET POS**

Obtain reporting of inventory, sales metrics, customer information, and your accounting information all into one system. Have the ability to schedule automatic billing and accept all types of payments, including EMV chip and contactless payments. You can also set up a customer loyalty program and have the ability to monitor reports anywhere you are from an online dashboard.

### **WIRELESS**

POS wireless terminal tracks your sales metrics and accounting information. Accept all types of payments, including EMV chip and contactless payments.

### **ADDITIONAL BENEFITS**

Protection against pricing increases and billing errors

Quarterly audits of processing statements to ensure your pricing is accurate and stays in place

PCI compliance and validation support

Gift card acceptance

Processing that is reliable, safe and secure with 24/7 support
